RUN DOWN BY A STEAMER.

A DISTRESSING ACCIDENT IN CHESAPEAKE BAY.

A Brother of Robert Garrett, Late President of the Baltimore & Ohio Railroad, Loses His Life—Nothing Definite as to Who is Responsible For It.

BALTIMORE, June 9.—T. Harrison Garrett, brother of Robert Garrett, while yachting Thursday in Chesapeake bay, was run down by a steamer and it is reported was drowned. Further particulars of the accident show that the yacht Gleam, on which was a number of ladies and gentlemen, while cruising off Seven Foot knoll was run into by the steamer Joppa, bound from Baltimore for Antwerp.

The Joppa struck the Gleam on the port side just aft. midship. Mr. Garrett was last seen by the steward of the Joppa standing with one foot on the deck of his yacht and the other over the railing. He had hold of one of the Joppa's chains, and when the latter vessel pulled off Mr. Garrett was dragged from the Gleam. The crew of the Joppa at once manned the life boats and cruised about until 3 o'clock in the morning, hoping to find Mr. Garrett's body.

One of the Baltimore & Ohio tugs was sent down with several gentlemen on board, friends of Mr. Garrett, who will remain on the bay until the body is recovered.

In this city, the accident is the one theme of conversation. There is a general air of sadness pervading the business section of the city. The front door of the banking house on South street, of which Mr. Garrett was the leading spirit, is draped with crepe.

An interview with one of the Joppa's passengers telegraphed from Easton, says that Mr. Garrett's cries could be heard for half an hour after he fell into the water, but on account of the intense darkness, he could not be seen.

A cablegram was sent this afternoon to the Robert Garrett party now traveling in Europe, informing them of the sad accident.

Mr. Garrett was manager of the firm of Robert Garrett & Sons, which was founded by Robert Garrett, his grandfather. He married Miss Witridge and has two sons. Mr. Garrett was a member of the Maryland club and one of the directors of the Baltimore & Ohio railroad.

He was said to be a splendid swimmer. He was a large, fine-looking man, and weighed 250 pounds. His brother, Robert Garrett, is still in Europe. Mr. Garrett resided at "Evergreen," his residence on Charles street avenue. His library is the largest private collection in the state, embracing works of the rarest and most unique character, and the most complete bibliography of the Baltimore & Ohio to be found in the country. The collection of autograph letters which he owned is unusually large and interesting, containing letters of nearly all the prominent historical personages from Washington to the present day.

The steamer Joppa belongs to the Maryland steamboat company.

The Gleam was a steam yacht about one hundred and twenty feet in length. In regard to the responsibility for the accident there is scant information as yet. The captain of the yacht told Capt. Geoghegan that he was coming up towards Seven Foot knoll, and gave the Joppa two whistles to go to the right and the Joppa gave him two blasts to the left. The collision resulted.

B. P. O. E.

The Second Annual Reunion Held in Cincinnati a Decided Success.

CINCINNATI, June 9.—The second annual reunion of the Benevolent Protective Order of Elks was a success.

Elk lodges from Detroit, Pittsburgh and Cleveland, headed by excellent bands, paraded the streets Thursday and made a fine appearance. There were numerous serenades.

The session organized for business at 4 p. m. at Music Hall. The hall was appropriately decorated. Exalted Ruler Hadden, of local lodge No. 3, welcomed the delegates to the city.

Prayer was offered by Rev. Henry G. Perry, of Chicago.

Mayor Smith made a happy address of welcome, which met with a most hearty reception from the delegates.

Exalted Grand Ruler Hamilton E. Leach responded to the mayor's address in fitting terms.

Invitations were received extending to the delegates the courtesies of the chamber of commerce, Lincoln, Duckworth and Blaine clubs, and the centennial exposition.

The election of a chairman was on the program. Brothers Allen O. Myers, of Cincinnati, John H. Dee, of Boston, and M. B. Lemon, of Pittsburgh, were nominated. Myers and Lemon withdrew, and Dee was chosen by acclamation. The chairman-elect delivered an eloquent speech of acceptance. D. C. McWalters, of the Cleveland lodge, was elected secretary, and John R. Malloy, exalted ruler of the Columbus lodge, assistant secretary.

The convention then discussed questions of interest to the order. Upon the question of the powers of the grand lodge a heated debate took place.

A parade took place at 3 p. m. Jordan Thomas acted as grand marshal, with Dan Dalton, James Fennessy and Robert Strauss as aids.

A prize banner was presented to the lodge excelling in general appearance, dress, numbers, marching, music, attendance and evolutions.

A banquet at the Highland house concluded the session.

Newsboys Play Ball.

NEW YORK, June 9.—The Detroit Journal and New York Evening World newsboys played their first championship baseball game, at the polo grounds this morning. The Detroit lads were victorious, the score being 16 to 9. Gallagher and Dinmore were in the points for the Journal, while Mayer and Donahue did similar service for the Evening World.

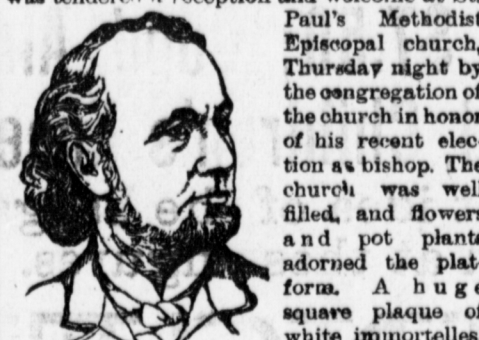

Cyclone and Railway Disaster.

GRANADA, NICARAGUA, June 9.—A cyclone of great severity swept over this place on the night of the 2d inst. The heavy rains inundated the south portion of the city, destroying eighteen houses. The train due here on the morning of the 3d inst., jumped the track at Poesmadia.

RECEPTION TO BISHOP JOYCE.

He is Given a Reception in Honor of His Election as Bishop.

CINCINNATI, June 9.—Rev. Dr. I. W. Joyce was tendered a reception and welcome at St. Paul's Methodist Episcopal church, Thursday night by the congregation of the church in honor of his recent election as bishop. The church was well filled, and flowers and pot plants adorned the platform. A huge square plaque of white immortelles, with the words "BISHOP I. W. JOYCE" in purple, rested on an easel. The program under the direction of Rev. Dr. C. W. Ketcham, consisted of addresses and music by the choir. The opening prayer was delivered by Rev. T. H. Pearne, and three chapters of the scripture were read by Rev. J. J. Reed. Addresses were made by Rev. L. F. Van Cleave, Rev. Dr. E. Cranston, Dr. T. A. Reamy, Rev. Dr. Hays, Bishop Fowler, of California, and Bishop Joyce. The choir, under the direction of Mr. E. A. Graninger, rendered some select music.

BISHOP I. W. JOYCE.

After the exercises the congregation repaired to the lecture room, where half an hour was spent in congratulating Mr. and Mrs. Joyce.

THE ANARCHISTS' ORGAN.

The Alarm to be Issued From Herr Most's Office—The Hammer's Blow.

NEW YORK, June 9.—The Alarm, which is to be the organ of English speaking Anarchists in this city, will positively make its first appearance next Thursday. So, at least, Herr Most says, and he ought to know, not only because the paper will be published from his office, which is also the office of the Freiheit, but also because no important step in the matter has been taken without his advice. In Thursday's issue of the Freiheit, Most announces the birth of the new paper and urges all honest Anarchists to support it.

In the same number he replies at length to the charges recently made against him in the Hammer, the official organ of the metal workers of America. The Hammer referred to Most and his followers as an objectionable element in American politics, and cautioned all decent workmen to beware of their teachings. Most, in his reply, says that the article in question emanated from a German journalist of this city, and that the arguments put forth in it are so absurd that he does not think it worth his while to reply to them. He berates the German journalist soundly and chuckles over the idea that a paper like the Hammer can do any injury to a paper like the Freiheit.

MAD KNIGHTS.

They Severely Denounce the Democrats for Patronizing the Burlington Route.

PHILADELPHIA, June 9.—Assemblies of the Knights of Labor and other labor organizations in this city, have received from St. Paul, Minn., copies of a circular issued by a committee of Locomotive Engineers and Firemen in St. Paul, containing a series of resolutions severely denouncing the Democratic committee for selecting the route to the St. Louis National convention over the Chicago, Burlington & Quincy railway. The resolutions also state that the men who adopted them "will not vote for or support the nominees of the Democratic convention under any consideration, regardless of the party principles," and they pledge the labor element involved to "use their utmost effort to defeat said nominees at the coming election."

An Inclined Railroad Accident.

NIAGARA FALLS, N. Y., June 9.—A party of five Spaniards, stopping at the Clifton house, visited the Whirlpool Rapid park this morning, and entered the inclined railroad car, for the purpose of descending to the river's edge. The attendant was not at his post, and the car started with their weight and descended unchecked at a terrific speed. Reaching the bottom it crashed into the wooden structure at the end of the track and threw the party in all directions. One lady was so severely injured that she will die, and the others are more or less severely hurt. The names of the party and full extent of their injuries are not yet ascertained, as the cars are not working and they are still below.

General Sherman Ill.

NEW YORK, June 9.—Gen. W. T. Sherman has been confined to his room and bed at the Fifth Avenue hotel for two days past with a severe attack of rheumatism. It is the first rheumatic pain he has ever had, and being located in the back, is very distressing, yet his physicians do not regard it as dangerous, unless it should have a depressing effect on his mind. He has been greatly worried about Gen. Sheridan for several days, and the frame of mind in which he had fallen aggravates his disease.

Mrs. Sheridan Worse.

SOMERSET, O., June 9.—Mrs. John Sheridan, mother of Gen. P. H. Sheridan, who has been ill for some time, had another relapse, and is in a critical condition. The serious illness of her son Phil., has never yet been made known to her for fear of serious results. Constant communication both by telephone and telegraph is kept up with Gen. Sheridan's house in Washington.

The County Treasurer Chestnut.

CHICAGO, June 9.—A Herald special from Omaha, Neb., says: Col. W. W. Townsend, treasurer of Merrick county, Nebraska, has been found to be an embezzler, his shortage amounting to about \$35,000. A committee of experts, appointed by the county commissioners to examine his books, finished their investigation and reported Thursday.

Fire at Wellsville, Ohio.

WELLSVILLE, O., June 9.—At 2 o'clock this morning, fire destroyed Branton's livery stable, Miller's livery stable, J. B. Smith's store, Snowden's store, and Duncan Smith's residence. Loss \$15,000; partly insured.

Convicted Three Times and Escapes.

AMERHUS, Ga., June 9.—Charles Blackman, three times convicted of the murder of Stonewall Tondoe, an Ellsville merchant, was aided by friends to escape and is now at large.

THE END DRAWING NEAR.

HOPE ALMOST ABANDONED FOR GENERAL SHERIDAN.

The Disease From Which He Suffers Remains Unyielding—The President Pleased With Thurman's Nomination—He Longed for an Outing—National News Notes.

WASHINGTON, June 9.—At 11 o'clock it was stated that the general's mind had remained perfectly clear. He was resting quietly, with little or no pain, and for the time being his condition was slightly improved.

The organic diseases from which he suffers, however, remain unyielding. He was more or less delirious all through the night; not violently, though, for he was too weak for that; but he could not recognize the members of his family or his physicians, and refused to take any medicine or nourishment. About 5 o'clock his mind cleared and he readily took peptonized milk. The medicine was given hypodermically. Each of the several attacks which he has had lately have left him much weaker than the previous one. From information received from high sources, it is believed that the end is not far off.

Drs. Lincoln and Pepper came out at 4:30 o'clock, and immediately left for their homes. The former said that the patient was better, and that the congestion of the lungs was somewhat lessened. A few minutes afterward the following bulletin was issued:

"The reaction continues to be well sustained. There is no elevation of temperature. Pulse, 104; respiration, 34. The mind is more clear. Food and remedies are well borne. The congestion of the lungs continues severe, but, in the absence of fever, indicates no development of extended inflammation."

At 10:30 a. m. Gen. Sheridan was resting easily, with no especial change in his physical condition. His mind was perfectly clear. He asked his brother several questions about the political news of Thursday, and made two or three characteristic comments on the information given in reply.

The following bulletin was issued at 1 o'clock p. m.:

"Gen. Sheridan has been resting tranquilly all morning. His pulse is about 100. His respiration 25, but varying. His skin is warm and moist. He coughs but little. His mind is clear."

House.

WASHINGTON, June 9.—Mr. Dingley, of Maine, from the committee on merchant and marine and fisheries, reported back his resolution calling upon the secretary of the treasury for information as to whether any order is now in force by which vessels from the United States ports are required to pay less tolls in passing through the Welland and other Canadian canals when they pursue their voyage by way of the St. Lawrence and Montreal than when they pursue their voyage by way of Lake Ontario to American ports, and whether additional legislation is necessary to authorize the secretary of the treasury to impose additional tolls upon vessels passing through the Sault Ste. Marie and St. Clair Flats canal bound to Canadian ports. In case the Dominion authorities continue discrimination against vessels bound for American ports. Adopted.

Cleveland Pleased With Thurman.

NEW YORK, June 9.—The World's Washington special says that the president is very much pleased with the nomination of Judge Thurman. They became very warm friends during the visit of the judge to Oak View some months since and stories are told of famous times they had together there. It is understood that Judge Thurman will pay him another visit in the near future.

The president will in all probability remain in Washington until the adjournment of congress, even although that does not occur before September. He is greatly worried with the hard work of the season and longs for a fortnight in Adirondack woods.

Thinks It Increases Sherman's Chances.

WASHINGTON, June 9.—Senator Quay, who is the dominant power in Pennsylvania politics, said: "The result of the St. Louis convention only strengthens my belief in the availability of Mr. Sherman. He is gaining every day, and I feel sure that he will be nominated."

Maj. McKinley said: "I am more and more convinced that it will be Sherman. I see nothing else for the Chicago convention. He will be the nominee by the irresistible logic of events."

Off for West Point.

WASHINGTON, June 9.—Secretary Endicott, Maj. Adams, his engineer and secretary, and Mr. Endicott, left for West Point Thursday evening to attend the graduating exercises. Secretary and Mrs. Whitney attended the naval academy graduating exercises.

Appointed to Cadetship.

WASHINGTON, June 9.—The following have been appointed to cadetship in the military academy: Sylvester James Finley, Castle Pin, Pa.; Charles Thomas Orr, New Albany, Kan.; and William Long, Utica, N. Y.

AN UNNATURAL FATHER.

A Mansfield Policeman Arrested for Debauching His Daughter.

MANSFIELD, O., June 9.—William Hartman, ex-policeman at the Union depot, was arrested Thursday afternoon upon affidavits by his two daughters, Callie and Maggie, aged respectively eighteen and fourteen years, charging him with incest with both within the past week. Hartman has been suspected of such bestial action for several years past, and upon several occasions officers have visited his home to investigate, but his wife and daughters, through fear of him, have failed to divulge anything. Thursday, however, Capt. A. G. Thornton was sent for by Mrs. Hartman, when the daughters told their story and Hartman was placed under arrest.

The elder of the girls admits that her father debauched her several years ago. Cognizance of that will be taken by the prosecuting attorney, and the charges in the affidavits will be investigated before the mayor.

NEWSPAPER CORRESPONDENTS

Of Washington and New York Call on Thurman and are Welcomed.

COLUMBUS, O., June 9.—The special train of Washington and New York newspaper correspondents returning from the St. Louis convention stopped at Columbus, and, after being received at the depot by a committee of the local press, were escorted by the Jackson club, with music, through the principal streets to the residence of Judge Thurman, where they were hospitably received by the judge and his family.

Maj. Carson, of the correspondents' committee, introduced the newspaper visitors in a few felicitous remarks, saying: "Judge Thurman, being here in Columbus, the guests of our newspaper brethren, we have improved the opportunity to call and pay our respects to you and congratulate you on the nomination you have received at St. Louis."

The major humorously referred to the variety of political views represented by the correspondents, but assured the venerable host that they all wished him many added years of life and every success.

Judge Thurman responded as follows:

"The only time I ever had any conversation with Henry Ward Beecher was in his church in Brooklyn after he had preached a sermon, and I was taken up and introduced to him. I was then in the senate. 'Well,' said he, 'you are a pretty good looking man for a Democrat.' [Laughter.] and you are taking a look at you, I can say that you are all pretty good looking men for newspaper men [Laughter]. I don't see that you are armed with swords, or daggers, or tomahawks; nevertheless I dare say you will do all that is right and required of you."

"All I have got to say after thanking you for the honor done by this call is that if you want to do me a real service it will be to just write a speech for me [Laughter] and put it as coming from me."

"And be sure to put in here and there 'great applause' [Laughter], also speak well of my 'stalwart health' [Laughter]. Say that you don't know any man except Mr. Sullivan, of Boston, that can bear a comparison with me in that respect. Do all this up in your best style, you know how better than I do, and you will pay a great compliment to the old man, as they call him, young man as it is, of course [Laughter and applause], and oblige me immensely."

"I thank you gentlemen once more for the honor you have done me by this call and I hope you will have a pleasant ride home."

The correspondents on the return from Judge Thurman's residence were entertained by Luther E. Holden, of the Cleveland Plain Dealer, under whose escort they visited the statehouse and paid their respects to Governor Foraker.

MAKING ROOM.

Hotels of the Queen City Preparing for the Great Rush.

CINCINNATI, June 9.—These are sad days for the regular boarders at the hotels. There is hardly a hotel in the city but has compelled its regular boarders to give up their rooms. They have not peremptorily ordered their regular boarders to give up their rooms, but they have increased their rates to such high figures that the unfortunate regular boarder has been compelled to vacate.

This has been done in order to make room for the vast incoming throng of strangers, who, attracted by the supreme Knights of Pythias convocation, will soon be thundering at our gates. And the Queen City will see that they are properly entertained, even if the mayor has to issue an order, backed up by the threatening aspect of a non-partisan police force, to all the inhabitants to vacate.

The hotels are making every preparation that their ingenuity can suggest, to receive the expected throng of gallant knights. Every bit of available space is being called into service. Large numbers of cots are being purchased, and these will be placed in the sleeping apartments, and, if need be, in the corridors, lobby and even in the balconies and upon roofs of our hostleries. The Cincinnati hotelkeeper has proven equal to every emergency in the past, and he does not propose to be outdone this time.

Horrible Death of a Miner.

EVANSVILLE, Ind., June 9.—Frank Hudson, aged nineteen years, a miner employed in the Diamond coal mines, near this city, met with a horrible death Thursday morning, while engaged in hauling a vacant room. He went into the room about 10 o'clock, and at noon, when his fellow-workmen went to call him to the surface, they found his lifeless body pinned to the ground by a heavy mass of slate, which had fallen from the roof and crushed him to death.

New York Brewers' Strike Declared Off.

NEW YORK, June 9.—The brewers' strike has been declared off at a special meeting of the brewers' and malsters' union. The strikers made an unconditional surrender, and will present themselves for work immediately. The motion declaring the strike off was carried without a negative vote. The union is bankrupt and the Central Labor union has squandered over \$5,000 in support of the strike.

Counterfeiter Sent Up.

NEW ORLEANS, June 9.—Peter McCartney, the counterfeiter, who was last Saturday convicted of passing counterfeit bills and raising bills, was yesterday sentenced in the United States court to pay a fine of \$5,000 and serve ten years at hard labor in the penitentiary. He will be taken to the Columbus, O., prison.

Over One Hundred Horses Burned Alive.

MONTREAL, June 9.—The Hochelaga stables of the street railway company, containing 134 horses were burned shortly after midnight. None of the animals were saved. Eighty horses in another stable in the rear were gotten out safely. Origin of the fire is unknown, but a sailor tramp was found lurking in the vicinity and he has been arrested. Loss \$30,000.

Edison to Make a Flying Machine.

NEW YORK, June 9.—Edison, the inventor, has been commissioned by the Spanish government to make an electric flying machine for war use. The machine will be lifted and propelled by fans, worked through a wire connected with a dynamo on the ground. From the car a photographer will be able to secure a picture of the enemies camp.

HECHINGER & CO.'S Great Liquidation Sale

is the greatest feature that ever presented itself in the Maysville Clothing trade. Think of it: In the next sixty days the entire stock must be sold, no matter what prices they fetch. A few of our leading bargains we offer are as follows:

Good, All Wool Cheviot Suits, \$7.50; Good, All Wool Worsted Suits in Black, Blue and Brown Sack and Frock, \$8; Good, Children's Knee-Pants Suits, \$2; School Suits, \$3.50.

These prices will give you but a faint idea of the bargains we are giving the public. COME AND SEE THE GOODS we offer you at these figures. Respectfully,

HECHINGER & CO.

Oddfellows' Hall,

Maysville, Ky.

DAILY EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

SATURDAY EVEN'G, JUNE 9, 1888.

DEMOCRATIC TICKET.

For President,
GROVER CLEVELAND,
of New York.

For Vice President,
ALLAN G. THURMAN,
of Ohio.

AUGUST ELECTION, 1888.
For Sheriff,
JOHN W. ALEXANDER.

Put your money on Cleveland and Thurman. The Louisville Times says: "The magic 4-11-44 not only came out simultaneously with Cleveland's nomination, but the same fatal figures appeared on July 11, 1884, simultaneously with Cleveland's first nomination."

A STATE convention of Republican clubs was held at Lexington Thursday. Twenty-four clubs were represented. A State League was organized with the following officers:

President—W. C. Goodloe, of Lexington.
Vice Presidents—Burton Vance, of Louisville; E. K. Wilson, of Williamstown; H. S. Berry, of Millersburg.
Secretary and Treasurer—W. W. Huffman, of Lexington.

The Republicans of the State seemed to be alive to the importance of the coming fight, and the Democrats should throw off their lethargy and go to work.

The First on Record.

FLEMINGSBURG, KY., June 5.—(Special.) The Circuit Court adjourned to-day without a single conviction in the criminal room. This is the first time this has happened since the organization of this county in 1799. Indictments returned at this term of court are not tried until November.

The above is a special sent to the Courier-Journal. There is about as much truth in it as in many other specials sent from Flemingsburg. Only five criminal cases were tried at the term of court alluded to and there were two convictions—James Nealis was fined \$50 for cutting with intent to kill and Jabez Ware was fined \$90 for a similar offense.

In reference to this matter the Fleming Gazette contains the following:

Every indictment tried at this term of court resulted in an acquittal.

And in the adjoining column the following:

Jabez Ware, for cutting Max Middleton, was fined \$90 and cost, in the Circuit Court last week.

In the Circuit Court, last week, James Nealis was fined \$50 for cutting with intent to kill.

At the M. E. Church to-morrow morning at 10:30 o'clock, Children's Day "The Feast of Flowers" will be observed. Preaching at 8 p. m. by Rev. Thomas Hanford.

Mr. E. A. ROBINSON has been paid \$1,000 damages by the C. and O. Railroad Company for injuries sustained in the wreck near Charleston, W. Va., last fall. Mr. Robinson presented a claim of \$1,500, and the company was willing at first to pay only \$700, but a compromise was effected.

SERVICES in First Presbyterian Church to-morrow morning and evening by the pastor, Rev. John S. Hays, D. D. In the evening the Baccalaureate sermon to the senior class of Hayswood Seminary will be preached, by the Principal. The public generally are cordially invited to attend all the services of this church, and a special invitation is extended to young ladies to be present in the evening.

A Card.

Editor Bulletin—Dear Sir: How is it when a contract is let by the county to the lowest and best bidder that the highest bidder gets it, which the following will show? I have reference to the contract for repairing jail wall. The bids were as follows: Thos. Clooney, \$185; Daniel McCarthy, \$225; John Powers, \$250; James Sroufe, \$270, and James Sroufe got it. Is that fair play?

ONE OF THE BIDDERS.

FREE TURNPIKES.

[CONTINUED FROM THIRD PAGE.] Robert Hunter, A. R. Glascock and John M. Ball, have already obtained the said sum of \$2,500 from the Treasurer of Mason County under said illegal order, and are expending it and making contracts for its expenditure and will speedily expend it, unless restrained, in repairing the road and the property of the said Middle Trace Nor. Div. T. P. R. Co.; that they are remedied by the strict rules of law against the wrong and injustice of using the funds raised by taxing them (and the rest of the taxpayers of the county) illegally expended, unless this Hon'le Court will grant them an injunction against this waste and hold the parties aiding and assisting in same responsible.

They therefore pray that the parties named in the caption as such may be made defendants thereto, and s'poe'd to answer this petition, and that in the meantime, and until the further hearing of this cause, the said Middle Trace Nor. Div. T. P. R. Co., Robert Hunter, A. R. Glascock and John M. Ball and all the officers and agents of said court and company may be enjoined and restrained from expending said sum of \$2,500, or any part thereof in repairing said Middle Trace road, or any of it and upon final hearing, they pray that this injunction may be perpetuated, and if any of said sum has been expended, that the parties making the expenditure may be ordered to restore it and pay it over with interest to the County Treasurer, and they pray for such other special and general relief as they may be entitled to.

WADSWORTH & SON for plaintiff.

The petition was sworn to by Mr. Baldwin, who stated in this affidavit that he believed; "irreparable injury would result to the applicants unless the injunction is immediately granted." Judge Cole granted the restraining order and injunction. Bond in the sum of \$5,000 was required. It was signed by C. B. Pearce, Hon. W. H. Wadsworth and B. F. Clift. The case will come up for trial at the July term of the court.

A enthusiastic meeting of parties interested in the free turnpike movement was held last night. It was decided to hold another meeting Monday, and the following call was issued:

FREE TURNPIKE MEETING.

A mass meeting of the citizens of Maysville and Mason County will be held at the court house on Monday, June 11th, 1888, at 2 p. m. to consider the free turnpike question. Come everybody that wants free turnpikes—free tolls for the people—and let us see whether the efforts being made in that direction are to be throttled. Turn out and attend the meeting.

MISS MAMIE ECHOLS entertained in her usual bright way the T. H. T's. at her pleasant home on West Second street last evening. Refreshments of lemonade, cake, strawberries and cream were served, and altogether it was a highly delightful evening to the happy young club.

POSTMASTER RESPESS has had an extra mail established between this place and Flemingsburg. It will be an express through pouch leaving Flemingsburg on 9:30 a. m. train and arriving at Maysville at 11:15 a. m.; returning it will leave Maysville at 1 p. m. and arrive at Flemingsburg at 2 p. m. This will give us two mails, in and out, between said points daily.

SAYS the Bourbon News: "Last winter Dudley Talbott, Deputy Collector, hurt his knee while out hunting, and was confined to his bed for several months, and when he got up, the knee was stiffened by the drawn muscles, and he couldn't put his foot to the ground. A few days ago, Dr. Bowen operated on his leg by cutting the large muscles, and in a short time they will re-unite, and Dudley will appear on the street without crutches."

THE Maysville and Big Sandy Railroad Company and Dover have locked horns and have some trouble growing out of the right of way through that town. The company has taken the only improved street running east and west, and is not willing to give but \$600 to open up another street. The town wants \$1,500. This is the present status of affairs, except that the grant of the right of way was on condition that the road was to be completed by the 1st of last January.

Inherited Diseases.

In the realm of disease the facts of inheritance are most numerous and are daily accumulating. Here, alas, they become terrible, fateful and overwhelming. No fact of nature is more pregnant with awful meaning than the fact of the inheritance of disease. It meets the physician on his daily rounds, paralyzing his art and filling him with dismay. The legend of the ancient Greeks pictures the Furies as pursuing families from generation to generation, rendering them desolate. The Furies still ply their work of terror and death, but they are not now clothed in the garb of superstition, but appear in the more intelligible but no less awful form of hereditary disease.

Modern science, which has illuminated so many dark corners of nature, has shed a new light on the ominous words of the Scriptures, "The sins of the fathers shall be visited upon the children unto the third and fourth generation." Instances of hereditary disease abound. Fifty per cent. of cases of consumption, that fearful destroyer of families, of cancer and scrofula, run in families through inheritance. Insanity is hereditary in a marked degree, but, fortunately, like many other hereditary diseases, tends to wear itself out, the stock becoming extinct. A distinguished scientist truly says: "No organ or texture of the body is exempt from the chance of being the subject of hereditary disease." Probably more chronic diseases, which permanently modify the structure and functions of the body, are more or less liable to be inherited. The important and far-reaching practical deductions from such facts—affecting so powerfully the happiness of individuals and families and the collective welfare of the nation—are obvious to reflecting minds, and the best means for preventing or curing these diseases is a subject of intense interest to all. Fortunately nature has provided a remedy, which experience has attested as infallible, and the remedy is the world-famous Swift's Specific, a pure vegetable compound—nature's antidote for all blood poisons. To the afflicted it is a blessing of inestimable value. An interesting treatise on "Blood and Skin Diseases" will be mailed free by addressing THE SWIFT SPECIFIC CO., Drawer 3, Atlanta, Ga.

FREE TURNPIKES.

Messrs. Baldwin, Pearce and the Big Corporations They Represent Kicking.

They Enjoin the Expenditure of the Sum Appropriated to Place the Middle Trace Road in Repair.

The parties interested in the free turnpike movement are very much stirred up over a suit filed in the Mason Circuit Court yesterday. At the Court of Claims a few days ago they secured an appropriation of \$2,500 to aid in placing the Middle Trace pike, (Northern Division), in repair. They had bought the road, and it was to be operated as a free turnpike. It was the first step towards a free turnpike system. The money was paid over to the committee named by the Court of Claims shortly afterwards, stock was issued for the amount and turned over to the county, and the work of placing the road in repair was commenced. The suit filed yesterday is to prevent the expenditure of the sum named. It was brought by the Maysville & Lexington, and the Maysville & Mt. Sterling turnpike companies and C. B. Pearce and W. W. Baldwin. The defendants are the Mason County Court of Claims, Robert Hunter, John M. Ball, A. R. Glascock, and the Middle Trace Turnpike Road Company, (Northern Division). Following is the petition it full:

Plaintiffs, the Maysville and Lexington Turnpike Road Company, the Maysville and Mt. Sterling Turnpike Road Company, Chas. B. Pearce and W. W. Baldwin, state the said Maysville and Lexington Turnpike Road Company is a corporation created by the laws of Kentucky under a charter dated 1827, doing business under its charter and amendments with a continuous line of turnpike road leading from Maysville, in the County of Mason, to Lexington, in the County of Fayette, with bridges, toll-houses, quarries, &c.; that the said Maysville and Mt. Sterling Turnpike Road Company is a corporation under the laws of Kentucky created by its charter dated in 1837, doing business under its charter and amendments with a continuous line of turnpike road leading from Maysville, aforesaid, to Mt. Sterling, in the County of Montgomery, with bridges, culverts, toll-houses, &c., &c.; and that said Charles B. Pearce and W. W. Baldwin are citizens of Mason County aforesaid, and resident therein, and that each and all of said plaintiffs are large tax-payers in the said County of Mason, subject to taxation therein for all lawful county purposes, liable particularly to the burden of the ad valorem taxes regularly, each year, imposed by the Mason County Court of Claims for the purpose of promoting the objects of the laws authorizing such taxes, and that they have been and are for the current year assessed for taxation for county purposes, are liable to and will be compelled to pay the ad valorem and other taxes imposed to raise money for county purposes for the current year, and that, as tax-payers of said county, they are directly interested in the manner in and the purposes for which the money raised by taxation for County purposes is disbursed, in common with a large number of persons composing the numerous tax-payers of the county, too many to unite in an action of this kind, and for whom, as well as themselves, plaintiffs sue.

Plaintiffs further state that the defendants, the Mason County Court of Claims, at its recent session, and on the 23rd of May last past, passed an order appropriating the sum of twenty-five hundred dollars in the hands of Robert Hunter, John M. Ball and A. R. Glascock ordering the Treasurer of Mason County to pay same to them out of the turnpike and bridge fund in his hands to be used in putting in repair the Middle Trace Turnpike Road, Nor. Div., upon the condition that should the citizens who have said turnpike in charge, after the same is put in repair, fail to provide a mode or plan to keep it in good repair, then the said court should have power at any time after five years from the date of said order, finding said road in bad repair, by the necessary order to turn over said road to the county, to be taken charge of by the county, and kept up at the expense of the tax-payers as in cases of other county roads. A copy of said order made on the application of certain citizens proposing to make it a road exempt from all tolls and free to the public, and a

copy of said application are now herewith filed and made part of this petition.

Plaintiffs state that said Middle Trace Road, so called, claims to have a corporate existence under the General Statutes of this State, by virtue of articles of incorporation filed in the office of the Clerk of the Mason County Court, and they now file herewith and make part of this petition a copy of said articles and of a certain amendment thereto filed in said office marking them as Nos. 3 and 4.

Plaintiffs state that the Middle Trace, &c., company claims under a deed of conveyance from James C. Owens and wife, and from W. P. Larew, commissioner, to James C. Owens the property, rights and franchises of a defunct corporation by the name of the Hill City Turnpike Road Company, under and by virtue of a sale under a decree of the Mason Circuit Court, sitting in equity in the suit of Thomas Wells, assignee, &c., vs. the Hill City Turnpike Road Company, &c., now referred to for full and correct information being part of the records of this court.

They state that said turnpike thus known as the Hill City or Middle Trace Turnpike, Nor. Div., is a dilapidated road about five miles in length, running from a point on the road of the said Maysville and Lexington Turnpike Road at or near the southern limits of the town of Washington, in Mason County, to a point on the said Maysville and Mt. Sterling Turnpike Road, at or near the bounds of the city of Maysville or terminating in said city as the case may be, but for all practical purposes running from the said Maysville and Lexington turnpike to the city of Maysville, throughout this entire route being lateral to said road, and to and from the same places and within one mile from said Maysville and Lexington Turnpike Road, and also within one mile of the said Maysville and Mt. Sterling Turnpike Road. The fragment of said road thus built by the said Hill City Turnpike Road Company, and now claimed by said Middle Trace Turnpike Road Company, Nor. Div., is all that was ever constructed by either corporation, except a short span turning off near Washington and running—roads to Wells' Creek, or near same.

Plaintiffs state that before and at date of the institution of the suit of Wells vs. Hill City Turnpike Road Company, &c., December 28, 1881, above cited, said road had been abandoned as a toll road, and its gates thrown open, because it was not fit for travel; that certain persons purchasing same at a decried sale by way of speculation, finding out after trial that it did not have travel enough upon it to put or keep it in repair as a toll road, have now, through the said Middle Trace Turnpike Road Company, unloaded upon the Mason County Court of Claims, and seek by the aid of public money to put the road in repair and operate it as a free road, well knowing that there is not sufficient legitimate travel upon that very poor route to and from the city of Maysville to keep it in repair as a toll road.

Plaintiffs charge that said route and road has and can have no use beyond a mere neighborhood use, otherwise better supplied, than as a free lateral road calculated and designed to draw off travel from the toll gates of the said M. and L. T. P. R. and M. and Mt. S. T. P. R., when such travel must make a free use of the roads of said companies, the plaintiffs, before it can reach the road called Middle Trace &c., and plaintiffs aver that the road thus attempted to be rendered fit for travel at public expense and converted into a county highway by the said Mason County Court of Claims, upon the application aforesaid will be nothing else than a highway lateral to the said M. and L. T. P. R., a direct means of enabling persons to use the said M. and Mt. S. T. P. R., on both sides of its gates without the payment of tolls.

Plaintiffs now charge that the said Mason County Court of Claims had no authority whatever to make such an appropriation to repair the road of a private corporation and above all no authority, power or strength by law to make such an appropriation to purchase turnpike roads, constructed under charters granted by the Legislature, directly or indirectly as toll roads or otherwise, and set them free from tolls to be maintained and kept up at the expense of plaintiffs and the other tax-payers of Mason County. Plaintiffs charge that there are over two hundred miles of turnpike in Mason County constructed by corporations as toll roads, under the laws of this Commonwealth, and that there is just as much authority in the said Mason County Court of Claims to repair or purchase or set free the entire mileage at the expense of the tax-payers as there is to repair and set free the so-called Middle Trace, and that the claim of authority to appropriate the funds of the county, raised by taxation, by said Court of Claims, is one of the first magnitude as there is no limit upon the ad valorem rate which said court may impose upon said tax-payers for subscriptions to the capital stock of turnpike road companies (toll roads) or to the construction of roads and bridges in the county.

Plaintiffs therefore charge that the said appropriation of \$2,500 is illegal as being without authority and strength in the said Mason County Court of Claims and as being in aid of an illegal object, to-wit: The establishment of a lateral road to the said M. & L. T. P. R. contrary to the statute.

Plaintiffs state that the defendants, the said

TEMPERANCE IN LONDON.

THE NUMBER OF ABSTAINERS GREATLY UNDERESTIMATED.

A Respectability Given to the Banners Not Shown in Other Countries—European Nations Quarrelling Over Africa Like Dogs Over a Bone—Foreign.

LONDON, June 9.—The number of temperance people in London has been greatly under-estimated by those outside the ranks. The recent meetings for the purpose of protesting against the compensation portion of the government's county program have been the means of awakening those who have sneezed at the cold water fraternity and looked upon them as a mere handful of fanatics. But even these meetings do not afford a correct estimate of their strength, for it is only the aggressive and clamorous deers of strong drink who identify themselves with such gatherings.

The moderate temperance men, including nearly all the Society of Friends, largely swell the number of abstainers, but who work in a quiet way. The latter are doing a great deal to lessen the number of public houses in England, but though statistics show that drunkenness is on the decline, considering the increasing population, those who are compelled to traverse the streets late at night would hardly credit such a statement. The publicans lament that they have fallen upon evil days, cry out upon their persecutors, and declare that there is no money in the business, but the frantic outcries of those who are refused licenses do not sustain their assertions. The more wealthy and influential of their number rely upon the power of the brewers and the support of the upper classes for protection, and look at the question with indifference.

The government by knighting successful brewers of ale and porter has given a respectability to the business, which it does not possess in other countries. So with powerful friends at court, the higher class of publicans fear nothing from laws and temperance agitation.

Every Nation Wants a Slice.

LONDON, June 9.—The Italian consul at Zanzibar has hauled down the Italian flag and suspended relations with the sultan. An Italian man-of-war is expected to arrive shortly. The city of Zanzibar on the island of that name, on the east coast of Africa, has now a population of 100,000. The island, together with the territory of Sultan Bargash ben Said, on the mainland, which was delimited in 1855, was some time before recognized as independent. Since 1883 England has ceased to encourage a political reliance of the sultan, and as a result Italy, France and Germany have all sought to acquire influence in Zanzibar, although it is economically a dependency of British India.

Of late England and Italy have been going hand in hand in their African colonization schemes, and Italy now revives an old commercial treaty made with the predecessors of Sultan Bargash, which the latter refuses to fulfill. England desires Italian influence in Zanzibar to counteract in some measure the growing colonial strength of Germany in central Africa.

Nearly every nation of Europe within the last decade has seized upon a portion of Africa, and the conflict of interests is likely in the not remote future to set Europe by the ears. They are snarling and growling already like dogs over a carcass.

The Opinion of Bismarck's Organ.

BERLIN, June 9.—In commenting upon the eventuality of a change of ministry, Bismarck's organ, the North German Gazette, says: "Such a change would not be of grave importance, if it resulted in only showing the capacity of opposition. Symptoms of instability and disunion in the ministry would be more serious. They would serve to depress the confidence of friends of the ministry to encourage the hopes of their opponents, and to lead the latter to conclude that the ruling powers were no longer what they were, while the task of the ministry would be especially difficult."

The Gazette does not believe in sacrificing the country's interest to personal feelings.

Wants to Resign.

LONDON, June 9.—The St. James Gazette has a dispatch from Berlin, which says that Minister Von Puttkamp has asked the emperor's permission to resign, this decision being reached, owing to the contents of an autograph letter which the minister received last evening from the emperor.

Egypt's Cotton Crop Good.

CAIRO, June 9.—In Upper Egypt the cotton crop is forward and is in an excellent condition. In some of the delta provinces, however, it is backward but healthy; the season is cold. Water is abundant.

Not Going to Resign.

LONDON, June 9.—Col. King-Harmon denies the report that he is to resign the under secretaryship of Ireland.

Foreign Notes.

The emperor of Brazil continues to improve. Frederick has had a coughing spell, but is better.

The whole line of the Nicaraguan canal will be located by June 10. The Paris Journal des Debats says the Panama canal lottery loan will be issued on the 27th inst. at 3.60. At Monaco Thursday a Brazilian named Raoul Herques, while dining, shot his brother and sister-in-law and then committed suicide.

The German quinquennial parliament bill has been officially published without the emperor's letter, and the resignation of Minister Von Puttkamer is in obedience.

Drowned By a Fish.

JEFFERSONVILLE, Ind., June 9.—While casing netting on the falls Charles Murphy, experienced fisherman, was drowned by being pulled into the river by an enormous-sized catfish, weighing fully 250 pounds. Murphy's line extended from the net to his wrist. He was unable to remove it, and was as completely at the mercy of the fish as if he was a minnow. The body cannot be recovered at present. The general belief is that the drowned man is being dragged wherever the fish can swim.

Indiana Episcopal Convention.

INDIANAPOLIS, June 9.—The second day of the Episcopal convention consisted of interesting jubilee services, Dr. E. A. Bradley, of Brooklyn, delivering the anniversary sermon. A feature of the services was the presentation to Bishop Knickerbocker by clergymen of the diocese of a pastoral staff, which

AT THE BEE HIVE,

AND NOWHERE ELSE, WILL YOU RECEIVE SUCH VALUES FOR YOUR MONEY.

We guarantee to save you from 8 to 15 cents on every yard of Carpet you purchase. All we ask is for you to inspect our line and learn our prices, and if you do not buy from us it is our fault. Remember money refunded on all goods not proving satisfactory.

ROSENAU BROS., BEE HIVE.

ne will bear with him in his trip to Europe next week. Dr. Pettis, of Lafayette, made the presentation speech. The anniversary closed with a banquet at the Dennison house, followed the social reunion. The concluding papers were historical, relating to the four bishops of this Episcopacy—Kemper, Upfold, Talbot and Knickerbocker.

CUBAN NOTES.

A Philanthropic Doctor Arrested for Vagrancy—Kidnappers Captured.

HAVANA, June 9.—Dr. Jose Vera Montenegro, a Cuban, has been arrested on a charge of vagrancy. The doctor distinguished himself curing poor people free of charge during the late smallpox epidemic. The Liberal press publish full accounts of the arrest and asks warm why the doctor is considered a vagrant. The authorities, however, are doing their utmost to have him sent to the Isle De Pino, where convicts are sent.

The prisoners in the Caban fort recently presented a memorial to Captain General Marin, asking that their bodies be examined by doctors; also that a notary be allowed to enter the fort to certify to statements of physicians; also to allow them to give powers of attorney to counsel to defend their cause. Marin despotically refused. The Liberal party then held a meeting and passed resolutions to employ lawyers to take hold of the cases of the Caban prisoners.

Three notorious kidnappers, Fidel, Fundora and Hernandez, have been captured in Seiba Mokha, near Mantanzas.

Severe on the Grip Fellows.

MADISON, Wis., June 9.—The triennial general conference of the German Lutheran church was concluded last night after a session of eight days. The most important legislation enacted relates to the position of the church on secret organizations. Resolutions declaring strongly against such organizations were adopted, and provisions made for insurrection of same in the constitution of each church in the synod. Hereafter persons desiring to join the church must first sever their connection with all secret organizations of which they may be members, and where present church members are also secret society members it was directed that every measure except excommunication be resorted to to induce withdrawal from the societies.

Guilt of Murder.

DANBURY, Conn., June 9.—After numerous postponements and adjournments, the preliminary trial of William H. Hawley, druggist, for the attempted murder of his brother-in-law, Virgil E. Barnum, whom he shot April 17 has at last ended, resulting in a verdict of guilty. The accused declined to give his version of the shooting until the final trial. He was held in \$15,000 bail for trial at the October term of the supreme court. Barnum is able to be about.

Murdered for Thirty Dollars.

COSHOCTON, O., June 9.—Jacob Ransom, a colored laborer on the Cleveland, Akron & Columbus railroad, near Warsaw, was found unconscious with a bullet hole in his head Thursday. He died soon after. The supposition is that Frank Hale, colored, shot him sometime Wednesday. Hale was moneyless, but on Wednesday night bought a ticket at Warsaw for Columbus. The murdered man was moneyless when found, but was known to have had \$30.

Accident in a Steel Works.

HARRISBURG, Pa., June 9.—While handling an immense ladle in the Bessemer mill of the Pennsylvania steel works, Steelton, this morning, seven tons of molten metal was blown out, bathing five workmen in it. Wilson Shaefer, of Steelton, died from the effects of his burns, while the other four men will probably recover, although terribly burned. Shaefer leaves a wife and three children.

Accident in a Sewer Trench.

BROOKLYN, June 9.—While a number of Italians were excavating for a sewer in Even street this morning the earth suddenly caved in and buried Perodia Gureffo and Michael Mingo. When taken out Mingo was dead and Gureffo died shortly after.
